

2022 Adult Dental Premier PPO with Preventive Incentive

Our Adult Premier PPO dental plan is designed for members age 19 and older who are looking for a plan with lower out-of-pocket costs and unique plan features that provide savings and comprehensive coverage.

Expect more from your dental plan

- Members can save up to \$924 on dental services when using a Concordia Advantage participating provider!
- Visit any dentist without a referral.
- Easily access the national Concordia Advantage network of 59,617 unique providers and 253,233 access points nationwide.
- You have full coverage from in-network providers for routine preventive exams, cleanings, and X-rays – pay \$0 at the time of your visit.¹
- Get discounts on non-covered services, even those that exceed your annual maximum benefit (from certain providers).
- With the plan's Preventive Incentive, the cost the plan pays for exams, cleanings, and X-rays are not deducted from your annual maximum benefit, so you can apply your annual maximum benefit to other services.

Find an in-network dental provider

Visit ibx.com/providerfinder.

Under *Your Plan*, click *Dental - Employer Plans*, and select *Concordia Advantage*.

Dentists with the **\$ave** symbol in the provider finder accept plan allowances for non-covered services, including services that go over your annual maximum.

1. Coverage is based on the Maximum Allowable Charge (MAC) for the specific covered service. Participating dentists accept contracted MACs as payment in full. Non-participating dentists do not limit their charges and may bill you for the difference between their charge and the benefit paid by the plan.

2. No deductible.

3. Coinsurance after deductible.

4. Included in Preventive Incentive. The amount paid by the plan (benefit) does not count toward the member's annual benefit maximum.

Limitations

Please note: Only the following services are covered, and they are limited as detailed below.

- Full mouth X-rays: One every five years
- Bitewing X-rays: One set per 18 months
- Oral evaluations:
 - Comprehensive and periodic: One of these services per 6 months. Once paid, comprehensive evaluations are not eligible to the same office unless there is a significant change in health condition or the patient is absent from the office for three or more years.
 - Limited problem-focused and consultations: One of these services per dentist per patient per 12 months
 - Detailed problem-focused: One per dentist per patient per 12 months per eligible diagnosis
- Prophylaxis: One per 6 months. One additional for members under the care of a medical professional during pregnancy
- Periodontal services:
 - Full mouth debridement: One per lifetime
 - Periodontal maintenance following active periodontal therapy: Two per 12 months in addition to routine prophylaxis
 - Periodontal scaling and root planning: One per 36 months per area of the mouth
 - Surgical periodontal procedures: One per 36 months per area of the mouth
 - Guided tissue regeneration: One per tooth per lifetime
- Replacement of restorative services only when they are not and cannot be made serviceable:
 - Basic restorations: Not within 24 months of previous placement of any basic restoration
 - Single crowns, inlays, and onlays: Not within five years of previous placement of any procedures in this category
 - Build-ups and post and cores: Not within five years of previous placement of any procedures in this category
 - Replacement of natural tooth/teeth in an arch: Not within five years of fixed partial denture, full denture, or partial removable denture
- Denture relining, rebasing, or adjustments are considered part of the denture charges if provided within six months of insertion by the same dentist. Subsequent denture relining or rebasing is limited to one every three years thereafter.
- Pulpal therapy: One per eligible tooth per lifetime only when there is no permanent tooth to replace it. Eligible teeth limited to primary anterior teeth and primary posterior molars.
- Root canal retreatment: One per tooth per lifetime

- Recementation: One per 36 months. Recementation during the first 12 months following insertion of any preventive, restorative, or prosthodontics service by the same dentist is included in the preventive, restorative, or prosthodontics service benefit.
- An alternate benefit provision (ABP) will be applied if a covered dental condition can be treated by means of a professionally acceptable procedure that is less costly than the treatment recommended by the dentist. The ABP does not commit the member to the less costly treatment. However, if the member and the dentist choose the more expensive treatment, the member is responsible for the additional charges beyond those allowed under this ABP. This limitation does not apply to covered implantology services.
- Implantology services, if covered on the Schedule of Benefits or by a rider, are limited to one per tooth per lifetime.
- General anesthesia and IV sedation is limited to 60 minutes per session.
- Periapical X-rays: Four per 12 months only when taken with a problem-focused evaluation or palliative emergency treatment.
